Date of Birth: 21 November 2005 | Languages Known: English, Hindi, Kannada

PROFILE

Software and web development enthusiast with a computer science background, passionate about building scalable, user-centric applications and exploring modern frameworks, tools, and emerging technologies.

EDUCATION

Presidency University <i>B.Tech in Computer Science and Engineering (Core)</i>	Bengaluru, India 2024 – 2028
Reva University (RIPU) <i>Pre-University Course (12th)</i>	Bengaluru, India 2022 – 2024
Prestige International School <i>Secondary School (10th)</i>	

PROJECTS & PRACTICAL EXPERIENCE

AI-Powered Smart Task Manager | *Python, Flask, React, AI Integration*

- Built an intelligent task management application with email integration for automated task creation and reminders.
- Leveraged AI to prioritize tasks, suggest deadlines, and surface relevant emails as actionable items.
- Implemented a clean React frontend with a Flask backend, enabling seamless user interaction and data flow.

Weather App | *HTML, CSS, JavaScript, OpenWeather API*

- Developed a responsive weather application that fetches real-time weather data by city name using the OpenWeather API.
- Features include city-based search, live temperature display, humidity and wind speed metrics, and a clean responsive UI.
- Integrated API error handling for invalid city inputs and network failures to ensure a smooth user experience.

TECHNICAL SKILLS

Languages: C, C++, Python, Java, JavaScript, HTML, CSS, DSA, AI
Frameworks: React, Node.js, Flask
Developer Tools: Git / GitHub, Visual Studio Code
Libraries: PyResParser, NumPy, Matplotlib

CERTIFICATES & ACHIEVEMENTS

Introduction to C <i>Certification</i>	Springboard
--	-------------

PRODUCTIVITY TOOLS

Microsoft Excel, Microsoft Word, Microsoft PowerPoint, Canva, Adobe Photoshop, Figma
